## PROFILE

---

A highly motivated and detail-oriented **Frontend Developer** with 1 year of experience specializing in creating dynamic, user-friendly, and responsive web applications. Proficient in modern frontend technologies such as **HTML5**, **CSS3**, **JavaScript**, **React**, and **Next.js**. Adept at collaborating with cross-functional teams to translate business requirements into scalable, innovative solutions.

I excel in optimizing user experiences, having successfully delivered high-performance websites and applications across various industries. My focus is on ensuring seamless navigation and exceptional design across all devices. Well-versed in version control using **Git** and experienced in integrating backend services with **RESTful APIs**.

Constantly learning and staying current with industry trends, I am passionate about writing clean, maintainable code and building intuitive interfaces that drive engagement and business growth.

## PROFESSIONAL EXPERIENCE

---

### **Accion Microfinance Bank**

*Frontend Developer*

*July 2024 – Present*

- Led the implementation of responsive user interfaces (UI) and user experience (UX) designs in collaboration with UI/UX designers.
- Developed visually appealing and user-friendly layouts to enhance overall web application performance.
- Worked closely with backend developers to ensure the seamless integration of front-end and back-end functionalities.

### **Hackcity Tech**

*Frontend Developer Intern*

*March 2024 – June 2024*

- Contributed to the development of user interfaces (UI) and user experience (UX) by converting designs into responsive layouts.
- Collaborated with backend teams and UI/UX designers to align project objectives and deliver exceptional digital experiences.

### **Phillips Outsourcing Limited (Accion Microfinance Bank)**

*Customer Experience Officer*

*July 2022 – July 2024*

- Developed and implemented a structured response framework for handling 300+ monthly customer inquiries, boosting customer satisfaction scores by 20%.

- Analyzed customer data to provide actionable insights for the development of new products and improvement of existing services.

## **Algorithm Engineering Nigeria Limited**

*Field Engineer*

*January 2020 – February 2022*

- Led the installation and commissioning of Nokia and ZTE Radio Access Network (RAN) and Nokia Microwave (MW) systems.
- Directed a team of 3 in the Airtel swap from Huawei to Nokia RAN, achieving a high installation rate of 3 sites per week over a 3-month period.
- Trained 15 industrial attachment students in technical aspects of RAN and ZTE installations, enabling them to independently execute projects.
- Conducted Technical Site Surveys and Reports (TSSR) to ensure accurate material estimates, preventing delays in the installation process.

## **EDUCATION**

---

### **Usmanu Danfodiyo University Sokoto**

*Bachelor of Science (BSc.) in Biochemistry*

*2013 – 2017*

Graduated with Second Class Honors, Upper Division (2:1).

## **CERTIFICATION**

---

- **JavaScript Algorithms and Data Structures** – FreeCodeCamp (2023)
- **Responsive Web Design** – FreeCodeCamp (2023)
- **Soft Skills Training Certification** – Jobberman (2021)
- **BSc. Biochemistry** – Usmanu Danfodiyo University Sokoto (2017)
